NAVIGATE YOUR CLIENTS WITH PEACE OF MIND USING LOG NAV LEASING

A comprehensive solution that combines innovation, automation, and security certified by Bureau Veritas.

1

> Unique Feature: Navigation Reports Tailored to Your Needs

LogNav stands out by providing a flexible report of your client's navigations, whether it's monthly, bi-monthly, or quarterly. This exclusive feature enables financial institutions to apply VAT exemption on the navigation conducted beyond 12 nautical miles (European waters), in full compliance with current legislation.

2

> Unmatched Automation + Verification by Veritax

Regardless of the ship's location - at sea, in port, or elsewhere - **LogNav** ensures seamless automation. After meticulous verification by **VERITAX**, your reports are automatically generated and sent to the relevant financial institution, along with a copy.

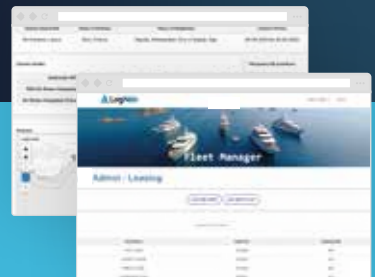

3

> Uncompromising Security with LOGNAV Leasing and VERITAX

EMitigate financial risks by choosing **LOGNAV Leasing**, an algorithm certified by **Bureau Veritas**. The report provided by **LOGNAV** ensures greater peace of mind through AIS tracking*.
